We are thrilled to welcome renowned Israeli author and journalist Tom Segev as he discusses his newest book *A State at Any Cost: The Life of David Ben-Gurion*. This biography tells of the life of David Ben-Gurion, the founder of the State of Israel, across six decades. Tom Segev uses unreleased archived material to give an original account of Ben-Gurion's life and rise to becoming a leading political and historical figure of the twentieth century and to show the history of Israel.

Books will be available for purchase that evening and prior to it through the Temple office.
